➤ From Us

- A few specials and promotions are going on at our retail locations:
 - Food Court: Spring Specials are continuing.
 - Rat: All New Dinner Combo Specials from 3 pm until close.
 - Travers-Wolfe: Look Ahead Promotion provides students a chance to win some great prizes
- In an effort to further express our commitment to the environment, dining services would like to implement a program called “Trayless Tuesdays” in Eickhoff. We will be sharing some more information with the campus community and we would like to get feedback from you.
 - Some things from the students on the committee regarding Trayless Tuesdays
 - You see a lot of people with multiple cups, if we go in this direction permanently, can we get larger cups so we don’t have to make so many trips back up?
 - We should advertise it at least a week in advance.
 - We do intend on starting advertising this Tuesday.
 - Efficient plate disposal on those days...what will the system be?

- We are currently coming up with a plan that is both easy for students and easy on our staff.

➤ From the SGA

- We received interest from the SGA representative to join forces with dining services on Cram Jam and/or Finals fest. We look forward to discussing the details further.

➤ Student Emails

- Since this is our first week back, there have been no emails from students yet.
