We will celebrate the close of another fantastic year of Resident Dining events with this wrap up to a yearly series called the Great American Road Trip. This special picnic will take place in Yellowstone National Park!
- Cram Jam will be held during finals week in Eickhoff Hall. Details are still being discussed.

➤ From Us

- We kicked off “Trayless Tuesdays” in Eickhoff. The feedback from the students varied, but most commented that ‘no trays was no big deal’ and ‘it’s a good idea’. There are informational posters throughout the dining hall. Have you heard anything?
 - Where is the saved food going?
 - ❖ *Less food is produced to begin with.*
 - Is money saved?
 - ❖ *Not exactly. We still incur the normal costs associated with service such as labor.*
 - Signage was very good.
 - ❖ *We displayed information throughout Eickhoff for a full week before the launch day. More posters were added to the areas where we normally pile the trays for use.*
 - Tables will need to be cleaned more often.
 - ❖ *We have realized this and will schedule additional staff in the future for this reason.*
- A few specials and promotions are going on at our retail locations:
 - Food Court: Spring Specials are continuing.
 - Rat: All New Dinner Combo Specials from 3 pm until close.

- Rat Specials are a big hit! More selections should be added.

❖ *The Retail Director will be looking into adding some more options.*

- Travers-Wolfe: Look Ahead Promotion provides students a chance to win some great prizes

➤ From the SGA

- We are hoping to receive feedback on the current programs and promotions throughout campus.
 - Lai, a cashier at the Food Court has been fantastic!
 - Dwayne, a Food Court supervisor, did a great job on Accepted Students Day. He was very polite and was able to answer the questions of the students and parents.
 - On Sunday at 4 pm, the deli attendant at Eickhoff was out of meat and refused to refill the station. At the Classics station, the attendant left to get refills and no one was at the station for several minutes.
 - The condiment station at the Library Cafe was very messy at 12 pm on Thursday and at 8 pm on Tuesday. The issue may not have anything to do with the meal equivalency period.
 - At the Salad Bar in the Food Court, a student was refused when he/she requested to have no cheese on the salad.
 - There is a call for healthier options at TW.
 - Library Café is having toaster issues. It is not being turned on and the students have heard that a staff member mentioned that they just did not want to turn it on, and others were told that it was broken.

❖ *The dining services management team will share the comments and feedback with the rest of the team. They will also address the concerns and suggestions.*

➤ Student Emails

- No Emails.

➤ Open Forum

- No Croissants were available in Eickhoff a few times.
- It is sometimes difficult to find the wrapped cutlery.
- Kosher meal selections have improved.
