WELCOME NEW ATTENDEES AND WELCOME BACK ALL OTHERS

❖ What's Different and New this Year?

- Eickhoff Hall
 - **Evolution – Phase 1** is COMPLETE!
 - We have changed to a new format of college dining, where the seating area and serving area are now side by side!
 - Sliced Deli and Salad FX are the 2 new stations in the center of the dining hall, designed to appeal to all the senses in a more direct manner.
 - Our new deli has ample room to match the popularity of this station. This station is located on the wall between the two Eickhoff Hall entrances. At the station, meats can be sliced, prepped and stored for easy access. Premade specials are offered daily.
 - The new Salad FX station has refrigeration that will hold plenty of veggies, dressings and more...enough to get us through those rushes! Easier access to food creates a more consistently filled station of fresh products.
 - In addition to the bright colors, notice the new types of seating such as bar seating, booths, tables for 2, 4 or more people.
 - Flat Screen Televisions throughout the dining hall
 - **Evolution – Phase 2** is COMING!
